NORMALIZING NIGHT CREAM

**BIC4011
BIP4011**

Skin Type: Oily skin and mixed skin.

Action: Moisturizing night cream with normalizing effect on the sebaceous glands. Hyaluronic acid restores the skin's elasticity and makes it more resistant.

CTFA Formula: POTASSIUM HYALURONATE, ORANGE EXTRACT, LEMON EXTRACT, PANTHENOL, SACCHARIDE ISOMERATE, ALLANTOIN, TOCOPHERYL ACETATE, ISOPROPYL MYRISTATE, PALMITIC ACID, CETYL ALCOHOL, BEESWAX, DEA-CETYL PHOSPHATE, ETHYLPARABEN 0.15%, IMIDAZOLIDINYL UREA 0.2%, FRAGRANCE, PURIFIED WATER.

pH Value/Formulation: 5.3

Institute Treatment: For a manual facial massage blend the product with a few drops of conditioning oil. The massage stimulates the metabolism and the blood circulation so that the skin can optimally absorb the active ingredients.

Order Numbers: BIC4011 50 ml / BIP4011 200 ml
