

# Tomaii Hair Gel Spray

---

Description:	Hair Gel Spray specifically for shaping and styling short to medium length curly hair. Gives the hair style strong hold and renewed body.
Use:	Can be applied to either wet or dry hair.
Hair type:	All hair types.

Ingredients	Properties
Polyvinylpyrrolidone vinyl acetate (PVP/VA), copolymers	PVP/VA is a stiffening agent and a film forming medium. This substance is absorbed evenly by the hair. It does not become sticky, even in high air humidity.
Modified shellac	This shellac is a good "stiffener" and yet is easily combed out.
Quaternary synthetic resin solution	Makes the hair easier to comb and improves its grip. Gives the hair shine.
Instructions for use:	<p>Spray the Hair Spray Gel directly onto the roots and style hair as desired. Individual strands can be sprayed and styled directly.</p> <p>Rinse the spray head periodically with warm water. Do not use near naked flames.</p>
Packaging:	Pump spray.
