

# **JOBRA hair tonic blue**

## **Special anti-dandruff hair tonic for white hair**

---

**Description** JOBRA is a special biological hair tonic based on natural substances. The name JOBRA has been a registered trade mark for 60 years.

**Usage** JOBRA is gently massaged into the scalp with the fingertips after washing the hair. For intensive care, the application is repeated twice daily.

---

### **Ingredients**

### **Effects**

Owing to its ingredients, JOBRA hair tonic has an intensive action against dandruff and successfully combats even severe dandruff. This proven hair tonic cares for the scalp, regenerates and strengthens the hair and promotes hair growth when used regularly. It prevents the unattractive, yellow touch in white and grey hairs. Not for use in coloured, bleached and permanented hairs.

### **CTFA-Dictionary**

Water, Alcohol, Calcium Panthothenat, Nicotinic-acid, Inositol, Nicotinicacid Amide, L-Cysteine, Fragrance, C.I. 42051, 42090.

Product not tested on animals
