

JOBRA herbal shampoo

Description:	Mild herbal shampoo with multiple, intensive-care effects for all hair types. Prevents the hair from becoming greasy again too quickly and combats mild cases of dandruff.
Use:	For greasy hair which has a tendency towards dandruff.
Hair type:	Greasy hair, mild dandruff.

Ingredients

Properties

Sodium lauryl sulphate,
TEA laureth sulphate
(CTFA Dictionary)

A tenside combination which cleanses without irritating the sebaceous glands.

Plant extracts:
(stinging nettle leaves, burdock root, dove's foot, coltsfoot)

This medicinal herb complex regulates the sebaceous glands and helps to prevent the hair from becoming greasy.

Panthenol

Panthenol belongs to the Vitamin B complex, nicotyl amide prevents the keratinisation of the scalp and both are important factors in maintaining healthy hair and a healthy scalp.

Preservative

Low levels of chloracetamide preservative

Colour:

Coloured with chlorophyll (leaf green).

Instructions for use:

Wet hair thoroughly with warm water. Apply undiluted shampoo and massage into a lather. Rinse and repeat.
